

The Bridge
A classic hip hop jam for the whole family

The Bridge
8 September 2013

The Bridge is a classic hip hop jam celebrating all that is positive in hip hop culture. Working on the foundations of pure old school hip hop the focus is bringing the community together to share, to have fun peacefully.

Using all the elements of hip hop culture *The Bridge* transforms a disused space under Hungerford Bridge on the Southbank into a positive creative space for all the family. 4000 people attended the first event in 2013.

For the inaugural event in 2013 the artists represented crews in London and Birmingham and spanned old and new school hip hop, vitally important in bringing the community together.
